The National Miniature Dachshund Club, Inc. (NMDC) holds its Annual Miniature Dachshund National Specialty in conjunction with an all breed show or specialty show.

We invite your club to join us in sponsoring these special events, which offer you the opportunity to significantly increase the number of Miniature Dachshund entries at your show. We solicit potential show clubs 2 years in advance of the show date. To learn about what is involved, please see the attached materials:

1. National Miniature Dachshund Club, Inc. Annual National Specialty Frequently Asked Questions.

This will explain the details of the events and the responsibilities of the NMDC and your club. It will answer many of the questions your club might have about the events.

2. Information Form for NMDC Specialty and supported entry show proposal

If your club is interested in hosting these events, please complete this form and send it to the NMDC. The NMDC will evaluate proposals and select one. We will then contact you to sign the contract and plan arrangements for the events.

3. Contract between the NMDC and your club

If your club decides to host the National Specialty and a supported entry show, this is the agreement between your club and the NMDC.

We think that this is a unique opportunity for Miniature Dachshund fanciers and spectators in your area to participate in a very special Miniature Dachshund weekend.

Sincerely,

The Officers and Directors of the NMDC
